Internet and phone scams becoming a problem? Find out more...

Internet & Phone scammers are on the rise and getting ever more sophisticated with each passing month. Have you received any of the newest scam emails? Mobile phone scams, perhaps the new car promotion scam, the lottery or competition scam, perhaps you have had Microsoft calling to fix your computer problems?

The ACCC (Australian Competition and Consumer Commission) has an informative website:

www.SCAMwatch.gov.au

This is a valuable tool to help us all remain free from seductive scammers. Topics include the inside information on each of the known scams, warning signs and how we can protect ourselves plus a survey and several unfortunate victim stories. The SCAMwatch website also provide scam awareness videos, information on how to report scams and FREE SCAMwatch email alerts.

Follow them on Twitter as well:
http://twitter.com/scamwatch_gov

All the anti-virus software in the world will not save us from unscrupulous scammers. The ACCC has provided us with the facts - the rest is up to everyone to be vigilant: scientia potentia est.

Spotlight on GraniteNet Group: Stanthorpe Camera Club Inc.

The Stanthorpe Camera Club is a group of amateur photographers who meet monthly to share their knowledge of photography.

Different subjects are chosen for the monthly competition and awards are given at the end of the year for best photo and highest total of points. A number of guest speakers present programmes and members also share photos. There a number of competitive photo-shoots each year and the club also has social outings.

We meet at the Learning Centre at the Stanthorpe State High School on the second Tuesday of the month at 7.30 pm. Visitors are always welcome to come to our meetings. Contact persons are:
Kris Carnell (President) 46835268 and
Lyn Collins (Secretary) 46813846.

Spotlight on GraniteNet Volunteer Ray Humbley

GN: How do you contribute to GraniteNet?
RH: My primary role is to increase GraniteNet's website hosting and development activity by increasing awareness of GraniteNet within the business community in Stanthorpe and the Granite Belt. I do this by firstly making face to face contact with business decision makers and then follow up with return visits and email contact.

GN: Where would you like to see GraniteNet in the near future?

RH: I would like GraniteNet to become the Hub for expanding online awareness of Stanthorpe and the Granite Belt's community and business services throughout the growing online community.

Jobs, Jobs, Jobs!

GraniteNet is pleased to announce our Jobs Listing Service will remain free to all local businesses for the entire year. For all your staffing needs, uploading is easy using the "Find a Job/List a Job" icon on our home page. Feedback appreciated - contact us on 4681 4384.

Casting for the Community...

If you have been paying attention to the GraniteNet homepage in the past few weeks you may have noticed a reoccurring item. The GraniteCast! The GraniteCast is GraniteNet's own podcast. A podcast is a subscription based release of sound content over the internet.

We release a new episode every fortnight which includes local musicians, interviews with important people in the community and even recordings from local people of talent.

Now, for this Podcast to run effectively WE NEED YOUR HELP! We require some local artists to submit content for the podcast as our collection is running thin! This is a quick, easy and effective way to help your music reach as many people as possible!

Music, Comedy, News, Events! Anything you want to submit, email it to podcast@granitenet.com.au or mail your demo or production CD to 15 Hilton Street, Stanthorpe, Qld, 4380.

(please include your name, age, telephone, address and any album information when submitting)

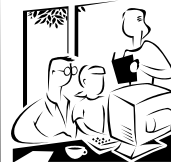

VOLUNTEERS WANTED

GraniteNet has a number of hard-working volunteers with skills in several areas. We currently open 20 hours a week and we are extremely busy supporting people with their computer training needs and solving problems.

We are looking for more volunteers who can commit to 3-5 hour blocks in a regular shift so that we can open the centre for longer hours.

Basic skills in computer use would be handy, as would valid blue cards so that we can provide more youth-focussed activities.

The most important skill is the wish to help others!

In addition we are always looking for more members of GraniteNet and persons who can contribute by joining the Board.

In particular we need a new President!

If you feel you could help please contact us, (even if you have done so before as our needs are always evolving).

Come and chat to us at 15 Hilton St, phone on 46814384 or email your interest to contact@granitenet.com.au

Computer Recycling

Don't send your old computers to landfill!
Drop off your used computer parts and equipment to 15 Hilton St.
