Sharyn Rowen Memorial Walk

The Stanthorpe Piazza came alive with the sound of drums on the 21st of September as the crowd who were participating in the Sharyn Rowen Memorial Walk was assembling to march down the main street to raise awareness about how difficult it is for people with disabilities to access shops and walkways. The walk took the group down Maryland Street towards and along the creek and back down Maryland Street to meet back at the Piazza where the Lions Club were waiting with tea, coffee and freshly made home baked goodies.

Child Protection Week 2011

Child protection week was from the 4th to the 10th of September this year and to celebrate CDS rented a shop front to highlight some of the local services and get the message out about child protection. Services that participated were Red Cross Warwick, Mercy Family Services, Headspace, Family Day Care, SSHS Chaplaincy, BABS and of course Community Development services. The Red Cross ladies put out arts and crafts for the kids and had free popcorn and cheerios for everyone to enjoy. Mercy Family Service was there recruiting foster carers. BABS was promoting their birthing support group. Headspace was promoting mental health in youth. The SSHS Chaplaincy was selling apple juice to raise money for the Chaplaincy. We would like to thank all of the services that participated in the raised awareness about the health and well being of the nation's children.

Headspace Southern Downs

Headspace Southern Downs is a youth health service for anyone aged between 12 and 25 years. The service provides support for general health, mental health, drug and alcohol issues, and employment and education issues for young people. Their focus is on early intervention and having a one-stop shop approach to health issues

COMMUNITY GARDEN!!

The Community Garden was a huge success thank you to everyone who was involved, you have done a wonderful job!

We were delighted to open the Community Garden on the 28th August 2011 for everyone to see the hard work contributions by all.

For those who don't know about the garden, it was started at the beginning of the year and with the effort of all parties to create a wonderful place has grown bigger than we could have imagined. From the beginning, the Community Garden was a brilliant idea for the community and with the opening of it in August we all hope you enjoy it as much as everyone enjoyed making it. From all the generous people who donated plants, money, tools, their time and anything I have missed we are very much appreciative and grate full for all your support.

We have decided to make the garden a demonstration site for education purposes if you have any enquiry about visiting please phone us on 4681 3777.

The garden is a water wise garden with 2 water tanks catching the water from a nearby house and we thank the owner for letting us collect the water from their roof - Very kind.

Again we thank everyone for their input, their time and donations – all of which have made the Community Garden possible and successful.
